

AGIP SPEED 2T

AGIP SPEED 2T is a low smoke, completely synthetic lubricant for very high-powered two-stroke motorcycles used in street and sport conditions. It is formulated from the best synthetic bases and a specific additive package to impart exceptional service performance. The product is suitable for both premix and injection use. It can be employed with unleaded gasoline.

CHARACTERISTICS (TYPICAL FIGURES)

AGIP SPEED 2T

Viscosity at 100° C	mm ² /s	9,7
Viscosity at 40° C	mm ² /s	55
Viscosity Index	-	162
Flash Point COC	°C	82
Pour Point	°C	-54
Mass Density at 15° C	kg/m ³	0,875

PROPERTIES AND PERFORMANCE

- AGIP SPEED 2T is formulated from a very modern synthetic base which ensures excellent engine performance even at the highest temperatures, while guaranteeing the maximum cleanliness of all engine parts and elevated antiwear action.
- The product has excellent detergency properties, thus minimizing the formation of sludge and deposits in all parts of the engine and preventing ring sticking.

SPECIFICATIONS

AGIP SPEED 2T meets the requirements of the following service specifications:

- API TC
- JASO FC
- ISO-L-EGD
